MR. ROBERT M. BOYCE
Principal

Principal Robert M. Boyce has a time-consuming job. As chief administrator, he sees to it that school philosophy meets the needs of over 2000 students. Mr. Boyce is readily available to students and faculty. In addition, he meets often with the Parent-Teacher-Student Organization in a joint effort to improve the school.

Our principal and assistants are deeply interested in the good image of Murray-Wright being upheld.

Student Government Representatives Help Formulate School Policy

Student Government is a part of the educational program of the school which provides elected student government representatives with opportunities to participate in decision making procedures and processes which affect his life. It provides opportunities for leadership development; for the development of skills in social problem solving; and for communication in a formal structure involving parents, students, faculty, and administration. Mr. Sterling Jones is adviser to the group.

Major activities of the day were the pep rally in the school gymnasium, the M-W-Southwestern football game at Tartar Field, and the Homecoming Dance in the decorated M-W ballroom.

Queen Beverly Lacey reigned over festivities. Regina Freelon, Sandra Tupper, Deathric Cowling, Arrianette Chandler, and Nina Chatman were court attendants. The girls were selected by the football team.

National Honor Society Lauds High Academic Achievement

To be eligible for membership one must have a cumulative "B" average with no "D's" or "E's" for final grades. In addition, every teacher receives a list of aspiring candidates and rates them on the basis of character, leadership and service.

In fall '71, 18 Pilots fulfilled these qualifications and were inducted into the M-W chapter, one of many across the nation.

Tough, Disappointing Season

Despite the hard practice and long hours put in by the players, the varsity football team finished the season with one win and seven losses. Coach Robert Dooley attributes the team's poor performance to lack of experience in playing organized formation football.

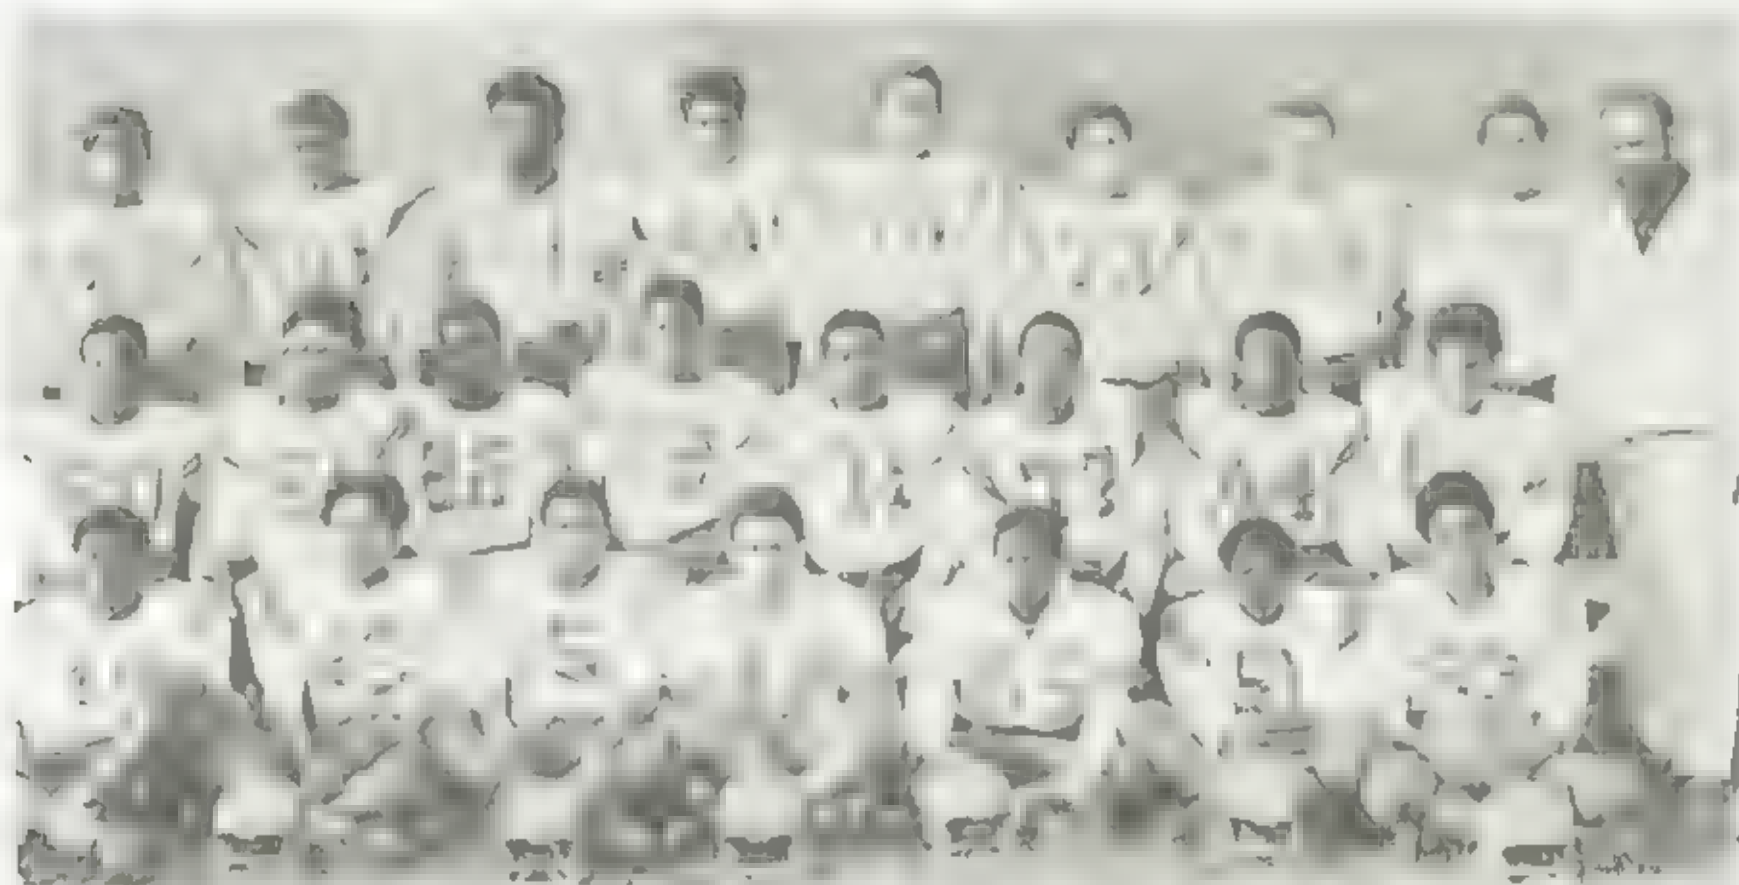

This season's campaign revealed the problems the '72 team will have to correct.

Sticks Clash As Girls Have An Exciting Year

Next year's team will probably be invincible since the current team has few graduating seniors.

Cross Country Harriers Almost Become Roadrunners

Our team doesn't claim to be number one. Maybe, they're not number two either. But, when it comes to adding time and effort to the abilities that our runners try their hardest to achieve, we're superior.

Take, for example, Wendell Thompson our most valuable runner this season and last. His 12:18 record in the two and a half mile race beat his last year's record of 12:36. Wendell's recognition as a medalist was a first in the history of M-W and gave quite a boost to the team's confidence.

To prove it, the boys bettered last year's performance and ended the season with a 3-2 season.

May we compare them to roadrunners Coach Duncan? Well, maybe not, but they do try harder!

January Class Looks Ahead to Future Goals

The mirror that the senior looks into reflects a face that has a look of mixed emotions; happiness, sadness, and anxiety.

Such will be the look of every graduating senior this year--happy because he has completed twelve years of schooling and will soon be graduating; sad because he will have to leave behind many pleasant times, anxious because he will soon be opening the door to a new, exciting life.
